

# FREE MEDICARE SEMINAR!

You're invited to attend a FREE educational Medicare seminar!  
Light snacks and beverages will be served.

**I will never steer or lead  
you to any one plan.**

**There will be NO enrollments or sales at  
this seminar, so leave your checkbook at home.**

I am a local, independent insurance agent who specializes in Medicare. I understand everyone has different health and budgetary needs and one plan does not fit all. I give you the power to compare and the freedom to choose the plan that's right for YOU.

Here's what we will discuss before deciding on which plan is right for you:

- ✓ **Enrolling in Medicare**  
Do you need to enroll in Medicare? Is your coverage through your employer enough? Will you be penalized if you do not enroll on time?
- ✓ **Supplemental Insurance Plans (Medigap)**  
There are many different plans offered by many companies, and the price from one to the other can vary greatly. I can compare the costs of these plans for you and help you understand how the plans work.
- ✓ **Prescription Drug Plans (Part D)**  
Formularies, drug tiers, copays and deductibles... I will help you understand them all.
- ✓ **Advantage Plans (Part C)**  
With Parts A and B bundled together and the option to include Part D, you have an alternative plan that gives you the coordinated care for your needs.
- ✓ **Group Employer Health Coverage**  
Some Medicare plans may offer greater coverage and richer benefits at no extra cost to you. You could save thousands of dollars a year by switching your plan!

## Choosing a Medicare plan that best fits your needs is one of the most important decisions you will make.

You should be educated about all of the rules before you make these decisions.

I can imagine your mail is stacked with lots of advertisements about Medicare plans. Work with me in your free one-on-one appointment after the event and I will explain your available plan options in the easiest way possible.
